

# Kapitel Ventilblöcke

## Chapter Manifolds

### Inhaltsverzeichnis nach Schaltbildern / Index according to the Schematics

Spezielle Ventilblöcke für Emerson Transmitter ohne Coplanar Flansch bitte anfragen  
Special manifolds for Emerson Transmitter without coplanar flange please contact us

Beschreibung description	Körper- nummer body number	Seite page	Beschreibung description	Typ type	Seite page
 <p>1-fach Ventilblock 1 valve manifold</p>	<b>10</b>	V1-V2	 <p>3-fach Ventilblock anflanschbar Betätigung: - Steckschlüssel - Handräder 3 valve manifold flangeable Operation: - T-bar key - handwheel</p>	<b>35</b>	V13-V14
 <p>2-fach Ventilblock verrohrt 2 valve manifold</p>	<b>21</b>	V3-V4	 <p>3-fach Ventilblock anflanschbar mit Test oder Prüfanschlüssen Betätigung: - Steckschlüssel - Handräder 3 valve manifold flangeable with blow out or prooffe connections Operation: - T-bar key - handwheel</p>	<b>36</b>	V15-V16
 <p>2-fach Ventilblock anflanschbar Betätigung: - Steckschlüssel - Handräder 2 valve manifold flangeable Operation: - T-bar key - handwheel:</p>	<b>22</b>	V5-V6	 <p>5-fach Ventilblock verrohrt Betätigung: Steckschlüssel 5 valve manifold for remote mounting Operation: T-bar key</p>	<b>51</b>	V17-V18
 <p>3-fach Ventilblock bds verrohrt Betätigung: - Steckschlüssel 3 valve manifold both side pipe-connection Operation: - T-bar key:</p>	<b>30</b>	V7-V8	 <p>5-fach Ventilblock anflanschbar Betätigung: Steckschlüssel 5 valve manifold flangeable Operation: T-bar key</p>	<b>58</b>	V19-V20
 <p>2-fach Ventilblock mit drei Absperrungen Bestätigung: Handräder 2 way manifold with three valves Operation: Handwheel</p>	<b>31</b>	V9-V10	 <p>5-fach Ventilblock-Kombination anflanschbar Betätigung: Steckschlüssel 5 valve manifold-combination flangeable Operation: T-bar key</p>	<b>73</b>	V21-V22
 <p>3-fach Ventilblock bds verrohrt mit Ausblas oder Prüfanschlüssen Bestätigung: - Steckschlüssel - Handräder 3 valve manifold both side pipe-connection with blow-out or test connections Operation: - T-bar key - handwheel</p>	<b>33</b>	V11-V12	 <p>5-fach Ventilblock-Kombination anflanschbar mit Testanschlüssen Betätigung: Steckschlüssel 5 valve manifold-combination flangeable with test connections Operation: T-bar key</p>	<b>75</b>	V23-V24
